85-902. Information on meningococcal disease; requirements.

(1) Beginning with school year 2003-04, each postsecondary educational institution shall provide to each newly enrolled student who will reside in on-campus housing and the student's parent or guardian: (a) Detailed information on the risks associated with the potentially fatal meningococcal disease; (b) the availability and effectiveness of a vaccine against the disease; (c) a recommendation that each student receive the meningococcal vaccination; and (d) information on the availability of an indigent patient fund to assist qualified persons with the cost of the vaccine.

(2) Each postsecondary educational institution shall request a confirmation signed by the student, parent, or guardian that the information provided has been received and reviewed.
